Re: Docket No. 50-155

[File COPY - *Suppl.*]

Dear Mr. Boyd:

In response to your letter of March 12, 1965 requesting an estimated schedule of withdrawal and return of special nuclear material under Facility License No. DPR-6 our current best estimate is as follows.

Withdrawals (In Kgs.)	Fiscal Year 1965		Fiscal Year 1966				Total
	3 rd. Quarter	4 th. Quarter	1 st. Quarter	2 nd. Quarter	3 rd. Quarter	4 th. Quarter	
Enrichment:							
2.6%	-	-	-	80	-	-	80
4.2%	-	-	-	65	-	-	65
							145
Returns (In Kgs.)							
Enrichment:							
2.6% to 4.5%	-	17	-	17	-	-	34

Plans for fabrication of the next batch of fuel have been delayed due to the current shutdown of Big Rock Point, therefore, please note that the withdrawal that was previously scheduled for the Fourth Quarter, Fiscal Year 1965 has now been rescheduled for the Second Quarter, Fiscal Year 1966.

Yours very truly,

Robert L. Haueter
Assistant Electric Production
Superintendent - Nuclear
