Washington, D.C. 20555

Gentlemen:

Re: License Number 34-09907-02

We are hereby applying for a renewal of our Byproduct
Material License which expires on 9/30/77. The radio-
active source is used in a sulfur analyzer built by Gulf
Research & Development Company of Pittsburgh, Pa.

Please let us know if you require additional information.

Very truly yours,

Mauron Mourning
