RE: License No. 47-10656-01

The two (2) Tracor Model No. 111019-001 Electron Capture Detectors listed on our license under 6-A have been removed and shipped to Nuclear Sources and Services, Inc., P. O. Box 34042, Houston, TX for disposal. We would now request that these Detectors be removed from our license.

The following Electron Capture Detectors have been purchased and are to be added to our license:

- 1) Perkin Elmer Model No. 600-0204, Serial No. 690, Nickel 63, 15 millicuries, installed in Perkin-Elmer Sigma 2000 Gas Chromatograph.
- 2) Shimadzu, Model ECD-9M, Serial No. SS-256, Nickel 63, 10 millicuries, installed in Shimadzu Model 9AM Gas Chromatograph.

Sincerely yours,

Raymond J. Barber
