In the Matter of Kansas Gas and Electric Co., et al.  
Wolf Creek Generating Station, Unit 1  
Docket No. STN 50-482

It is my understanding that the contingency plan for the Wolf Creek Nuclear Plant near Burlington (Coffey County plan) must be completely revised. If this is so, then my contentions can not be completed until the plan is completed.

I would appreciate knowing what the requirements for the county plan will be so that I may start compiling my contentions.

Sincerely,

*Wanda Christy*
