Dear Mr. Ahearne:

I am writing to inform you of my opinions concerning the PEIS. My comments were officially mailed 11/18/80 to the Program Director of TMI and it took almost five to six weeks before official notification was received that my commentary was accepted. They also notified me that my comments would be published in the final draft which was to be published in March, 1981. Therefore, I am, even though delayed, mailing you a copy of these remarks which were made for your reference.

I would also like to be kept informed of all meetings and other pertinent business concerning TMI on a timely basis.

Thanking you for your consideration in this matter.

Yours truly,
