Dear Dr. Glenn:

RE: License No. 37-03387-02
Docket No. 030-03030
Control No. 03175

In reply to your letter of 9 May 1985:

1. Xenon is not presently being used at this institution nor is it anticipated that it will be used in the near future.
2. Please eliminate the requested usage of xenon from the license application.

I trust that this will eliminate the multiple problems we are encountering in getting relicensed for xenon and expedite the completion of the license.

Thank you.
