SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NO. 50-445
VOLUNTARY REPORT OF SAFEGUARDS EVENT
LICENSEE EVENT REPORT 92-023-01

REF: TU Electric Licensee Event Report 92-023-00 logged
TXX-92564 issued November 20, 1992

Gentlemen:

Enclosed is Licensee Event Report (LER) 92-023-01 for Comanche Peak Steam Electric Station Unit 1, "Physical Assault of Security Officer Results in Security Compromise".

This supplement is being provided to clarify certain details, which were addressed during various discussions with your staff.

Sincerely,

William J. Cahill, Jr.
William J. Cahill, Jr.

I. DESCRIPTION OF THE REPORTABLE EVENT

A. REPORTABLE EVENT CLASSIFICATION

Although this event does not meet the reporting criteria of 10CFR50.73, a Voluntary Report is being submitted because of the significance and generic interest of the event.

B. PLANT OPERATING CONDITIONS PRIOR TO THE EVENT

On October 21, 1992, Comanche Peak Steam Electric Station (CPSES) Unit 1 was in Mode 1, Power Operation, operating at 100 percent power.

C. STATUS OF STRUCTURES, SYSTEMS, OR COMPONENTS THAT WERE INOPERABLE AT THE START OF THE EVENT AND THAT CONTRIBUTED TO THE EVENT

There were no inoperable structures, systems or components that contributed to the event.

D. NARRATIVE SUMMARY OF THE EVENT, INCLUDING DATES AND APPROXIMATE TIMES

At 0326 on October 21, 1992, an armed CPSES Security Officer (contractor, non-licensed) failed to answer a radio call. The Security Shift Supervisor (contractor, non-licensed) directed the Security Central Alarm Station (CAS) to continue trying to make radio contact with the Officer. After 10 minutes of no response, the Officer was categorized as missing and a search was initiated. The Officer (female) was assigned to routine patrol duties in the Unit 1 and Unit 2 Turbine Buildings (inside the Protected Area).

At 0444 on October 21, 1992, the Officer was found on the roof of a valve room in the Unit 1 Turbine Building. The Officer appeared to be unconscious and exhibited abrasions indicative of an assault. The Officer's Security handgun was missing. The Operations Shift Supervisor (SS) (utility, licensed) was immediately notified. At 0450, the missing handgun was found in the same vicinity as the Officer.

At 0451 on October 21, 1992, the SS declared a Notification of an Unusual Event (NOUE). At 0503, the injured Officer was transported to a local hospital for medical attention. At 0505, the resident Nuclear Regulatory Commission (NRC) inspector, as well as, the State and Local authorities were notified of the NOUE and the security threat.

An event or condition that results in a Safeguards Event is reportable within one hour under 10CFR73.71(b)(1). At 0512 on October 21, 1992, the NRC Operations Center was notified of the event via the Emergency Notification System.

B. DURATION OF SAFETY SYSTEM TRAIN INOPERABILITY

Not applicable - there were no safety systems which were rendered inoperable due to a failure.

C. SAFETY CONSEQUENCES AND IMPLICATIONS OF THE EVENT

Although this event did result in a compromise to security it did not adversely affect the safe operation of CPSES Unit 1 or the health and safety of the public. Plant operation remained unaffected, in Mode 1, at 100 percent power, throughout the event.

IV. CAUSE OF THE EVENT

ROOT CAUSE

This incident arose out of personal relationships among individuals assigned to work at CPSES.

Through investigation by authorities and the company's experts in security augmented by forensic consultants concluded that no security threat to the plant or the plants general personnel exists or existed and that there is no basis for criminal prosecution of any individuals. The company has taken effective measures to preclude recurrence of incidents of this nature. The conclusions and determinations concerning causes of this event may be considered confidential information. Documentation and information concerning this event is controlled under Texas Utilities (TU) Corporate Security case number 10-92-152. Further information should be obtained from TU Corporate Security.

V. CORRECTIVE ACTIONS

A. CORRECTIVE ACTIONS TO PREVENT RECURRENCE

ROOT CAUSE

This incident arose out of personal relationships among individuals assigned to work at CPSES.

CORRECTIVE ACTION

No corrective action has been recommended at this time. The actions of various personnel involved with the event are still under investigation by TU Corporate Security. Corrective action will be dependent upon the resolution of this investigation.
