Subject: NRC License Termination - Galasso Materials, LLC - Request for Additional Information
Date: Tuesday, March 24, 2020 12:37:00 PM

Licensee: Galasso Materials, LLC
License # 06-28731-03
Docket # 030-39008
Mail Control # 618271

Mr. Turner,

This email is in response to your request dated February 17, 2020 requesting to terminate your NRC license detailed above. In order to continue our review, we need additional information as listed below:

1. Please provide the following:
 - a. Confirmation that you are authorized to make legally binding commitments on behalf of Galasso Materials, LLC as either a senior management official or an authorized designee of senior management; OR
 - b. Provide a letter signed by a senior management official of Galasso Materials, LLC requesting the termination of NRC License # 06-28731-03 AND confirming the requests and statements made in your February 17, 2020 submittal.
2. Please provide a copy of New York license Number C5536 for Willets Point Asphalt Corporation, demonstrating that they are authorized to possess the materials AND devices transferred from NRC License # 06-28731-03. Alternatively, they may provide me a copy of the license directly.
3. Please provide evidence of the material transfer such as a signed letter from the Willets Point Asphalt Corporation stating they received the material.

We will continue our review upon receipt of the requested information. Please respond to my attention via email with a letter signed by senior management or an authorized designee and scanned into a pdf format, referencing mail control number 618271.

In order to continue prompt review of your application, we request that you submit your response to this request within 10 calendar days from the date of this request.

An electronic version of the NRC's regulations is available on the NRC Web Site at: www.nrc.gov. Additional information regarding use of radioactive materials may be obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/mat-toolkits.html>. This site also provides the link to the toolbox for updated information on the revised regulations for naturally-occurring and accelerator-produced radioactive materials (NARM).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>. Please be aware that you may request that certain portions of your submittal to NRC be withheld from public disclosure as proprietary information. To do this, you must execute an affidavit as specified in 10 CFR 2.390. You must list all portions that you wish to be held proprietary, along with your reasoning as to why that is appropriate. While it is allowable, please refrain from submitting proprietary information in support of a license unless necessary. Keep in mind that all NRC licenses are considered to be in the public domain, and therefore may be viewed by any member of the public who requests to see them.

If you have any questions regarding this request for additional information, please contact me at the telephone number listed below or via electronic mail to Jonathan.Pfingsten@nrc.gov.

Thank you for your cooperation.

Sincerely,

Jonathan Pfingsten
