

November 19, 1992

Docket Nos. 50-445
and 50-446

Ms. Sandra Long Dow
Mr. R. Mickey Dow
322 Mall Boulevard #147
Monroeville, Pennsylvania 15146

Dear Mr. and Ms. Dow:

I am responding to your Petition of May 19, 1992. Your request was referred to the staff in accordance with Section 2.206 of Title 10 of the Code of Federal Regulations (10 CFR § 2.206).

Enclosure 1 contains the Director's Decision (DD-92-06) responding to your Petition. For the reasons stated in the Director's Decision, I find no adequate basis in your Petition for taking the action that you have requested. The staff previously evaluated most of the allegations you have made, and the licensee had corrected the deficiencies you described. To address certain allegations raised in the Petition, a copy of the Petition was provided to the U.S. Nuclear Regulatory Commission (NRC) Inspector General (IG) on June 10, 1992 for any action the IG considered appropriate.

A copy of this Decision will be filed with the Secretary of the Commission for the Commission to review in accordance with 10 CFR § 2.206(c). As provided for in this regulation, the Decision will constitute the final action of the Commission 25 days after the date of issuance of the Decision unless the Commission, on its own motion, institutes a review of the Decision within that time.

I have enclosed a copy of the notice, which is being filed with the Office of the Federal Register for publication.

Sincerely,

Original Signed By

Thomas E. Murley, Director
Office of Nuclear Reactor Regulation
