Core Operating Limits Report for  
Prairie Island Unit 1 Cycle 16

The attached revision to the Core Operating Limits Report for Prairie Island Unit 1 Cycle 16 is being provided in accordance with the requirements of Technical Specification Section 6.7.A.6. The limits specified in the attached Core Operating Limits Report have been established using NRC approved methodology.

The Unit 1 Core Operating Limits Report has been revised to incorporate new V(z) limits for Cycle 16. The V(z) curves for Unit 1 Cycle 15 have been replaced with a list of bounding V(z) values for three ranges of exposures.

Please contact Gene Eckholt (612-388-1121, Ext. 4663) if you have any questions related to these reports.
