DEC 15 1992

Dear Mr. Fletcher:

SUBJECT: CURTIS BAY, MARYLAND

In the letter from Richard W. Coover to you dated November 9, 1992, we proposed a schedule for the submittal, by December 4, 1992, of a plan for the remediation of the Curtis Bay contamination and for a meeting to discuss the plan on or before January 4, 1993. On November 23, 1992, NRC staff met with representatives of the General Services Administration (GSA) and the Defense Logistics Agency (DLA) to discuss the responsibility of remediation of the contamination. At this meeting, it was agreed that GSA and DLA would negotiate, by January 31, 1993, an agreement for the remediation of the site. Following the negotiation of this agreement, a conceptual plan for site remediation would be prepared four to six weeks later.

We consider that a meeting, open to public observation, between GSA, DLA, NRC, Anne Arundel County, and the State of Maryland could be most effectively scheduled after the conceptual remediation plan is prepared. We, therefore, would look to schedule this meeting in March or April 1993. To help us coordinate this meeting and other activities related to the Curtis Bay site, we would appreciate it if you would provide us a contact in your agency.

If you have any questions, please contact me at 301-504-2560 or Mr. Dominick Orlando at 301-504-2566.

Sincerely,
