

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

RA-RI

SEP 30 1983

MEMORANDUM FOR: James P. O'Reilly, Regional Administrator, RII

FROM: Richard C. DeYoung, Director
Office of Inspection and Enforcement

SUBJECT: REGIONAL RESPONSE TO ALLEGATIONS

The enclosed Staff Requirements Memorandum requests that we provide the Commission with a report on how the regions screen allegations and what criteria are used in assessing them. I understand you have a well documented procedure for allegation follow-up and I would appreciate your taking the lead in preparing a response to the Commission. Include in your response recommendations you deem appropriate to ensure all regions have a reasonably consistent and thorough procedure.

If you could provide a proposed response by October 19, 1983, that would allow time for IE and EDO review before the October 24 SECY suspense date. The IE staff contact will be Ed Fox, (492-4905).
