In the Matter of  
METROPOLITAN EDISON COMPANY, ET AL  
(Three Mile Island Nuclear Station, Unit 2)  
Docket No. 50-320 OLA

Dear Judy:

In an attempt to settle upon a date for a meeting among ECNP, the Staff, and Met Ed to discuss ECNP's proposed contentions, I have discussed with Lisa Ridgeway your suggestion of a meeting on Monday, April 27, 1981. Although it will involve a rearrangement of the schedules of Met Ed engineers who would attend the meeting, she has acceded to your suggestion. The Staff would also be available to meet on that date. We will leave the choice of location (as between Harrisburg and the Washington area) up to you.

In order that we may all firm up our plans, please contact me as soon as possible to confirm this date and to indicate your preferred location. You may see Lisa at the hearing on April 4, before you have chance to contact me, in which case please convey the above information to her. She will pass the information along to me.

I trust that we will be able to meet on April 27, as it appears to be one of the few dates on which all three parties will be available.

Sincerely,

Stephen H. Lewis  
Counsel for NRC Staff
