Gentlemen:

Enclosed is renewal License No. 34-18490-01, as requested by application dated November 19, 1984.

This is to inform you that we have not authorized your consultant, Ken Fritz, to function as your Radiation Safety Officer as proposed in your November, 1984 application. If you want a consultant to act as radiation safety officer at your facility, you must submit information to the Commission as to his or her availability (routinely and during emergencies), authority, and onsite contact.

If you have questions or require clarification in this regard, please call me at (312) 790-5617.

Sincerely,

Original Signed By
