

Mr. Chairman, please think of
all the deformed children
and the many cancer victims
from Three Mile Island before
you grant Duke Power Co
17 ~~mile~~ nuclear license at
McGuire, near Charlotte. We
don't have enough information
to make us feel safe. How
could you vote if it were
being placed 17 miles from
you & your family? Please
think about us, for a
change -

Hazel Jarvis Lowery
