Dear (

On February 20, 1992, you provided the U.S. Nuclear Regulatory Commission with information that a landfill owned by Schuylkill Metals Corporation may have been accepting radioactive waste which had contaminated the ground water in the Forest City area. Our review into your concern has been completed and it was determined that the matter would be more appropriately handled by the U.S. Environmental Protection Agency (EPA).

Your cooperation with the U.S. Nuclear Regulatory Commission was greatly appreciated.

Sincerely,

Donald E. Funk Jr.
Office Allegation Coordinator
