Re: SUB-1359, Docket No. 40-8681

Dear Dan:

Enclosed are ten copies of a report on the 1980 archaeological excavations at White Mesa. I understand from Steve Cassella of PIANO that consultation was made with the 1979 contractor to assure continuity of the work. PIANO also will be continuing the 1981 work.

Copies of this report will be sent by PIANO to the U.S. NRC's office and to Jack Rudy of the INS.

Sincerely yours,

*C. E. Baker*
