

The Dalton Foundries, Inc.
Warsaw, Indiana 46580

September 7, 1983

U.S. Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Attn: Materials Licensing Section:

Please note that while the attached application appears to be the same as the previous application submitted on June 24, 1983, it is, in fact, an additional source on a somewhat identical installation.

Also, please remove the names of Gerald Kenny and Daryl Woodward under Condition 12 of the Supplementary Sheet, as these persons are no longer employed with us.

Sincerely,

Boyd A. Wear

Boyd A. Wear,
Project Engineer
