Re: In the Matter of Northern Indiana Public Service
Company (Bailly Generating Station, Nuclear 1)
Docket No. 50-367
(Construction Permit Extension)

Dear Mr. and Mrs. Grabowski:

I am enclosing Northern Indiana Public Service Company's "First Set of Interrogatories" to you. These Interrogatories are requests for information concerning the contentions which you have raised in the NRC proceeding regarding extension of the construction permit for the Bailly Generating Station, Nuclear-1 (Construction Permit No. CPPR-104). Under NRC regulations, your answers must be served within fourteen (14) days after service of the Interrogatories. Since the Interrogatories are being served by mail, an additional period of five (5) days is allowed. I am also enclosing a copy of § 2.740-2.744, NRC regulations dealing with discovery, for your convenience.

If you have any questions about the Interrogatories, please feel free to call me.

Yours very truly,

EICHHORN, EICHHORN & LINK
