

DOCKET NUMBER 50-289
PROD. & UTILITY

March 31, 1981

Joseph Hendrie, Chairman -
N.R.C.

I demand that T.M.I-1
not be restarted under
any circumstances!

Three Mile Island is
already being used as a
dump for nuclear waste, which
is not to be tolerated by
us, the general public.

— Vivit Hougantoghe
412 S. Queen St.
Lancaster, Pa.
