Mr. Hendrie -

I am writing to you to voice my dissatisfaction with the building of Niposo's Bailly Nuclear I in northwestern Indiana.

I feel that the plant is potentially quite unsafe, and I don't feel that we have the right to gamble with so many people's lives this way. I also find it offensive that this plant would dump its waste in the shifting sands of Lake Michigan. There's not much natural beauty left in our area; it's a shame that what is there now might one day become contaminated.

5/10

Anyway, Mr. Hendrie, thank you
for your time and patience and
consideration.

Sincerely,
Nora Glenn
