MEMORANDUM FOR: Edward L. Jordan
Director
Division of Emergency Preparedness and
Engineering Response
Office of Inspection and Enforcement
U. S. Nuclear Regulatory Commission

FROM: *Richard W. Krimm*
Richard W. Krimm
Assistant Associate Director
Office of Natural and Technological Hazards

SUBJECT: Medical Services Information for the Limerick
Generating Station

This is in response to your request of May 28, 1985, for medical services information on several nuclear power Near-Term Operating Licenses (NTOL). For these NTOL's, you requested that the Federal Emergency Management Agency (FEMA) confirm that the offsite emergency plans include a list of local or regional medical facilities which have capabilities to provide treatment for radiation exposure.

Attached is a list of medical facilities with radiation exposure/contamination treatment capability in the vicinity of the Limerick Generating Station.

If you have any questions about this material, or if we can be of any further assistance, please contact me.
