Gentlemen:

This refers to the special, unannounced radiation safety inspection conducted by Messrs. C. A. Hooker and L. Ricketson of this office on May 21, 1985, of your general licensed activities in Rock Springs, Wyoming, as authorized by 10 CFR Part 150.20 (reciprocity) in recognition of your Agreement State License (California 0617-34), and to the discussion of our findings held by the inspectors with a member of your staff at the conclusion of the inspection.

The inspection was an examination of the activities conducted under the license as they relate to radiation safety and to compliance with the Commission's rules and regulations, and the conditions of the license. The inspection consisted of selective examinations of procedures and representative records, interviews of personnel, independent measurements, and observations by the inspectors.

During this inspection certain of your activities were found not to be conducted in full compliance with NRC requirements. Consequently, you are required to respond to this matter in writing in accordance with the provisions of Section 2.201 of the NRC "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

The response directed by this letter and accompanying Notice is not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
