Gentlemen:

SUBJECT: 1988 SALP COMMITMENT RETRACTION - NRC INSPECTION REPORT  
NO. 50-482/88-14

We have reviewed your letter dated December 4, 1992, which provides the basis and justification for the retraction of a commitment made in response to NRC Inspection Report 50-482/88-14 dated September 12, 1988.

We acknowledge that recent organizational changes have precluded the need to exchange technical information in the manner previously committed. The advent of your System Engineering Group and the planned changes to be implemented by the Performance Enhancement Program appear to have created the necessary environment to ensure that adequate communications between the Engineering and Plant Operations organizations will be accomplished by these programs.

Should you have any questions concerning this letter, please contact Mr. A. T. Howell at (817) 860-8180.

Sincerely,

A. Bill Beach, Director  
Division of Reactor Projects
