The subject licensee was inspected on August 5, 1964, and a
Form AEC-591 was issued, indicating no items of noncompliance.
In such cases, you normally do not receive the information
gathered during the inspection.

Since this was the initial inspection of a new waste disposal
license in Alaska, I thought that you and HRL might be interested
in the inspection results. Enclosed for your information and files
is a copy of the inspection notes developed by the inspector
subsequent to the inspection.

Enclosure: Copy of Inspection notes
