Freedom of Information Act Request
Attention: Director
Office of Administration
U.S. Nuclear Regulatory Commission

FREEDOM OF INFORMATION
ACT REQUEST
FOIA-85-108
Rec'd 2-19-85

Dear Director:

I am writing this to officially request documents pursuant to the Freedom of Information Act, 5 U.S.C. 552. I am ordering entire contents of docket files to minimize any search time expended by NRC personnel, and I assume that the NRC-maintained docket files are well-organized and accessible.

Accordingly, I request the following facility docket files for the indicated periods of time:

Entire contents of Docket File 40-7308: Source Material License SMA-826, Cimmaron Facility, Oklahoma, from December 1964 through December 1974 or latest date. (I don't want documents from other Cimmaron docket files.)

Entire contents of Docket File 40-8586: Source Material License SUA-1330, Double Eagle Facility, Wyoming, from January 1977 or earliest date through January 1985.

Entire contents of Docket File 40-7236: Source Material License SUC-793, Bowman Facility, North Dakota, January 1964 through December 1985.

Because I have ordered entire docket files and search time will assuredly be minimal, I request a waiver of search fees pursuant to 10 CFR 9.14a(a)1, that states that search fees shall be waived "when the time for the search does not exceed four hours, in the aggregate, for a request or a series of related requests." Regarding other fees, I agree to pay postage and document reproduction costs.

I await your response within 10 business days, as required by law.

Very truly yours,

Stu Shafer
