

United States of America
Nuclear Regulatory Commission

Under matter of) Docket No.
NIPSCO) 50-367
(Bailly Eliminating) (CP extension)
Station, Nuclear-1)
April 27, '81

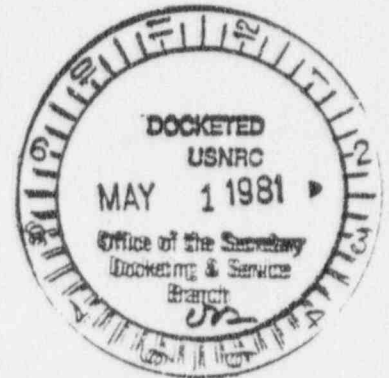

Request for More Time to
Answer NIPSCO's First Set of
Interrogatories to George & Anna
Grabowski

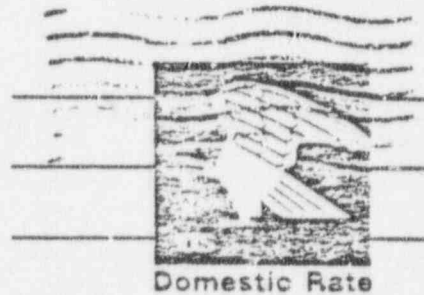

We need more time to
answer all these questions.
We would like to have
five (5) weeks at least. We
have to do our regular jobs
and then this, too, so it
takes us longer. Please
let us know when they
have to be done.

Sincerely, Anna & George
Grabowski

P.S. We sent copies of this to
everyone already, so you don't need to
do it.

George Grabowski
