Re: WPL Letter 4/26/85 - Application for Amendment,
NRC License No. 48-18772-01

Gentlemen:

Pursuant to the above reference, attached are two copies of the Kay-Ray, Inc.
Certification of Training for David M. Harmeling.

In addition, based upon a recent telephone conversation with your office, it is
our understanding that your approval of the subject amendment will be
accompanied by approval to extend the date for submission of a license renewal
application until August 31, 1985.

Very truly yours,

Theodore J. Iltis
Director, Advanced Technology
and Nuclear Affairs

CERTIFICATION OF TRAINING

Name: David M. Harmeling

Company: Wisconsin Electric & Power Company
Edgewater Generating Station

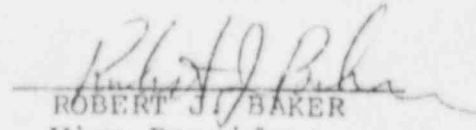

The above named individual has successfully completed the
INSTALLATION AND NUCLEAR RADIATION SAFETY course offered by
Kay-Ray, Inc., consisting of the following curriculum:

- Principles and practices of radiation protection
- Monitoring radiation levels using Geiger counters
- Radiation exposure limits
- Radiation areas defined
- Calculating radiation levels from known gamma source
size and distances
- Calculating dose rates of typical installation
- Leak testing Kay-Ray source housings
- Safety practices required for the use and handling
of Kay-Ray source housings
- Installation of source housings demonstration and
Hands-On installation

This training course consists of formal discussions, practical
applications, leak testing, specific installation discussions,
and hands-on installation completion with related forms for
record keeping.

Certified on equipment
model 7062BP, 7062B, 7062P

Instructor: Raymond A. Parsons
Date: May 17, 1985

TELEPHONE NO.

(608) 252-3345

SUBJECT

Amendment Request
Contract No. 78848

SUMMARY

I asked Mr. Elter if he had submitted his application for renewal. He explained that because of the ~~new~~ personnel changes, they needed additional time to review procedures and make the appropriate modifications. I agreed to extend the license expiration date by 3 months.
