CERTIFIED/RRR

U.S Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, D.C. 20555

Dear Sir:

This letter is in response to "NRC Bulletin 92-03: Release of Patients After Brachytherapy: in which we are listed as an addressee (Mount Sinai Medical Center).

No patients have been treated with the Omnitron 2000 at the Mount Sinai Medical Center Comprehensive Cancer Center. The use of the Omnitron 2000 at this facility has not and will not commence until final decisions by regulatory agencies concerning use and/or modifications of this machine are made. At this time the required procedures and or modifications will be evaluated and it will be decided if treatment with this machine will be implemented.

Sincerely,

A handwritten signature in dark ink, appearing to read "David Spivack".

David Spivack, Vice President
Mount Sinai Medical Center

A handwritten signature in dark ink, appearing to read "Richard Daversa".

Richard Daversa,
Executive Director,
Comprehensive Cancer Center
