NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555

OFFICE OF THE
COMMISSIONER

MEMO TO: Commissioner Bradford
FROM: Tom Gibbons *TG*
SUBJECT: EXPORT OF COMPONENTS TO TARAPUR

In its analysis on the Tarapur components license, the staff states that Section 128 does not apply to component export licenses. You will recall that we raised this issue in the context of snubbers to Spain and never got it formally resolved. I wrote you a memo on the issue (attached) and you noted without objection the export of snubbers. Joanna Becker has since written a two-page memorandum to the files on the issue.

Attached is a draft memo for your consideration.
