FOIA 92-358
Recd 7-21-92

Dear Ms. Reed,

In reference to the above FOIA, please submit copies of the NRC files that show the general development of the content of the presentations, the selection of speakers, and presentation of materials.

We would also like specific information, all that may be available, in its entirety, relating to Edgar D. Bailey, Chief of the Radiologic Health Branch, State of California and his presentation on 20 May at this meeting. Do not, however, provide the actual transcript as we have previously acquired it under a separate FOIA request.

The information requested should be found in the files of Vandy Miller of the Agreement States Program.

Sincerely,

Charles H. Rose
