Fairfax, VA 22031

Gentlemen:

SUBJECT: REQUEST FOR ADDITIONAL INFORMATION CONCERNING A MATERIAL LICENSE
APPLICATION, (REFERENCE: 50548; 030-20241)

This refers to your application for a material license dated April 5, 1985. As discussed with Robert Van Horn by phone on April 30, 1985, the following additional information is needed in support of your application:

1. State the manufacturer and type of personnel monitoring equipment you will be using and the frequency at which the film badges or TLDs (thermoluminescent dosimeters) will be changed.
2. You should state in your maintenance procedures that any maintenance (such as cleaning) will be done with the radioactive source in the safe-shielded position.
3. Confirm that you will provide your personnel with the written operating and emergency procedures along with step-by-step procedures for the use of each device.

Our review of your application will continue upon receipt of the above information. Please provide two copies of your reply and reference Mail Control 50548. If you should have any questions, do not hesitate to call me at (404) 221-2675.

Sincerely,

Carol A. Connell
Radiation Specialist
Nuclear Materials Safety Section
