

APPENDIX A

NOTICE OF VIOLATION

Nesbitt Memorial Hospital
Kingston, Pennsylvania 18704

Docket No. 030-03172
License No. 37-12890-01

As a result of the inspection conducted on April 17, 1985, and in accordance with the NRC Enforcement Policy (10 CFR 2, Appendix C), the following violation was identified:

10 CFR 35.14(b)(5)(v) requires that a quarterly physical inventory be conducted to account for all sources and devices received and possessed. Records of the inventories shall be maintained for inspection by the Commission and shall include the quantities and kinds of byproduct material, location of sources and devices, and the date of the inventory.

Contrary to the above, as of April 17, 1985, an adequate quarterly inventory has not been conducted since an iodine-125 seed did not appear on any such records since its date of purchase, December 29, 1983.

This is a Severity Level IV Violation. (Supplement VII)

Pursuant to the provisions of 10 CFR 2.201, Nesbitt Memorial Hospital is hereby required to submit to this office within thirty days of the date of the letter which transmitted this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending this response time.
