Docket No. 30-10949
Subject Inspection No. 30-10949/85-01

Gentlemen:

Universal Testing Laboratories, Inc. has taken notice of your audit findings and are making every effort to avoid such lapses in audit and inspection in the future.

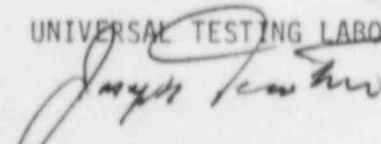

The fact that there were no audits between December 7, 1983 and April 12, 1984 and again between August 8th, 1984 and December 13th, 1984, was caused by the lack of radiographic activity at the location.

There were only 16 uses of Isotopes between December 7, 1983 and April 12, 1984 and only 1 use between April 11th, 1984 and August 7th 1984.

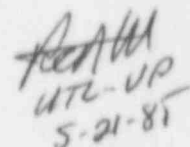

Following November 11, 1984, further audits and inspections were performed on the following dates: 12/13/84, 1/9/85, 2/7/85, 3/4/85, 5/15/85 and 5/16/85.

Sincerely,

UNIVERSAL TESTING LABORATORIES, INC.
