

NOV 19 1970

Gen W. Roy, Chief
Materials Inspection & Enforcement Branch
Division of Compliance, EQ

COMPLIANCE INQUIRY MEMORANDUM - KERR-MC GEE CORPORATION,
OKLAHOMA CITY, OKLAHOMA - LICENSE NO. SUB-1010,
10 CFR 20.405 EXPOSURE - INTERNAL

By letter dated November 13, 1970, to the Director, Division of Compliance, the licensee has reported exposures to eleven individuals at its Sequoyah facility to concentrations of airborne radioactive material in excess of the occupational concentration limits in 10 CFR 20, Appendix B, Table 1.

These exposures occurred during July, August, and September 1970, and were caused by unplanned equipment failures, since corrected.

The data on the exposures, records of persons exposed, and corrective measures taken were all examined by the undersigned during an inspection conducted at the facility October 21, 22, 1970. A 417 report is being prepared.
