

NOTICE OF VIOLATION

University of Missouri-Kansas City
Kansas City, Missouri

License No. 24-00513-37
Docket No. 030-32693

During an NRC inspection conducted on November 18-19, 1992, violations of NRC requirements were identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (1992), the violations are listed below:

Condition 29. A. of License No. 24-00513-37 requires the licensee to conduct its program in accordance with the statements, representations, and procedures contained in the Application dated February 25, 1992.

- A. Item 11 of this application titled, Waste Management, requires, in part, that radioactive wastes be segregated from nonradioactive wastes in generating laboratories.

Contrary to the above, on November 19, 1992, the licensee failed to segregate radioactive waste from nonradioactive waste in Room 318 of the Biological Sciences Building; a generating laboratory.

This is a Severity Level IV violation (Supplement VI).

- B. Item 10. M. of this application titled, Radiation and Contamination Surveys, requires, in part, that ring badge dosimeters be used for procedures that involve the use of one millicurie or more of phosphorus-32.

Contrary to the above, from September 15 thru November 19, 1992, the licensee failed to wear ring badge dosimeters for procedures that involved the use of one millicurie or more of phosphorus-32 in Room 318 of the Biological Sciences Building.

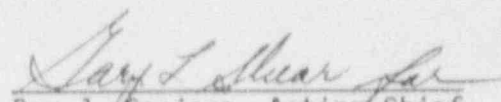

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, the University of Missouri-Kansas City is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, Region III, 799 Roosevelt Road, Glen Ellyn, Illinois, 60137, within thirty days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for

disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. If an adequate reply is not received within the time specified in this Notice, an order may be issued to show cause why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.
