Dear Mr. Keppler:

INTERIM 10 CFR 50.55(c) REPORT NO. 80-7
CALLAWAY PLANT, UNIT 1

Reference: SLNRC 81-014 Dated March 16, 1981

The referenced letter forwarded to the NRC, a generic interim report concerning a potential discrepancy in the design of SNUPPS standard power block pipe whip restraints. It also indicated that a final report would be available by June 1st of this year. Additional time is now anticipated in order for the SNUPPS utilities to complete their review and evaluation of the outstanding concerns regarding the pipe whip restraints. It is presently anticipated that a final generic response will be issued by July 1, 1981.

Very truly yours,

John K. Bryan
