

DOCKET NUMBER  
PROB. & UTIL. FAC. 30-289

P. O. Box 514  
Boonville, CA. 95415  
May 24, 1981

Mr. John F. Ahearne, Chairman  
United States Regulatory Commission  
1717 H Street, N.W.  
Washington, D.C. 20555

Dear Mr. Ahearne:

Reference NRC Docket Number 50-289SP, Three  
Mile Island--Unit #1.

We respectfully urge your encouragement to the restart  
of Three Mile Island--Unit #1. The use of TMI-1 will  
save the Utility Company, Metropolitan Edison, millions  
of dollars per month and would allow lower electric  
bills to the public.

Unit #1 is safe and has complied with more than ade-  
quate regulations.

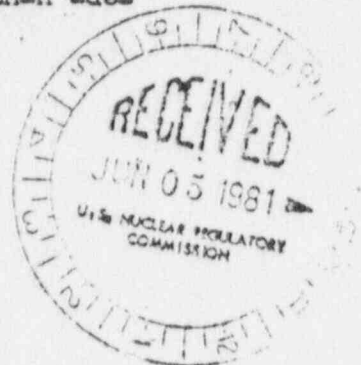

Respectfully,

*L. Lewis King*
