Dear Mr. Beckham:

We have completed our review of Georgia Power Company's (GPCs) November 7, 1983 and February 29, 1984 responses to Generic Letter 83-28 with respect to Item 1.2, Post-Trip Review Data and Information Capability for Hatch Units 1 and 2. Based on our review, we have concluded that the post-trip review data and information capability for Hatch Units 1 and 2 are acceptable.

A copy of our Safety Evaluation is enclosed. The Safety Evaluation was prepared by the staff based upon its review of the above submittals input for its contractor, Science Applications International and discussions with GPC representatives on June 11 and 12, 1985.

Sincerely,

*ORIGINAL SIGNED BY
