Dear President Hagen,
In January I
wrote to you concern-
ing several matters. The
main one being TMI,
which I have never
heard reply.

I realize that
you are very busy
to answer, but I

Ed. Frank - would like
you someone in the prop
Department.

Each day it gets more
confusing and disturbing
as nothing seems any
more settled than it
was a year ago or more.

The people in this
area are apt in a
continuous state of
anxiety.

Please could you
have someone let me
know what you are
doing about this.
Sincerely,
Ed. Frank
