Dear Mr. Moore,

Re: Our Export License Application HSA-5485-02  
(Your reference XSNM2232)

Please refer to your letter of July 10, 1985, regarding detailed quantity of Australian-origin source material. We received the following confirmation from Shikoku through our Tokyo office today.

Quote

1. Quantity of Australian feed material: 54,992.884 kgs U.
2. Quantity and assay of enriched product:  
Quantity: 8,782 kgs U - JA/111 (0.5 WT% difference due to possible fluctuation in enrichment of U-235).  
Assay: 3.40 W/O.
