Dear Neal:

Please refer to our letters of May 6, and May 19, 1981, requesting import licenses for 805 KgU, 1.60% enriched, and 600 KgU, 3.42% enriched, and 495 KgU, 3.42% enriched, respectively. The enriched uranium is currently owned by GKT.

This is to request that you issue these import licenses in the name of SWUCO Inventory Storage Company (SISCO), a wholly owned subsidiary of the Separative Work Unit Corporation (SWUCO).

Thanks for your continued cooperation.

Sincerely,

*James A. Garrett*
