August 27, 1985

Mr. Martin Schumacher  
U.S. Nuclear Regulatory Commission  
Region III  
799 Roosevelt Road  
Glen Ellyn, IL 60137

Dear Mr. Schumacher:

I would like to take this opportunity to follow-up our recent telephone conversation concerning the Hartley and Hartley facility located at Kawkawlin, MI.

The Hartley and Hartley site is being reassigned from Corporate Office responsibility to our Regional Office at Southfield, MI. Please direct all information and inquiries to that office in care of:

Mr. Jeff Passeno *2/16 Dunc Miller*  
District Engineer  
Waste Management of North America  
22200 W. Nine Mile Road  
Southfield, MI 48034  
(313) 352-7840 *(313) 822-7670*

It is my understanding that the NRC is interested in splitting groundwater samples during the scheduled sampling event to be held from November 1 thru November 7, 1985. Please submit, in writing to Mr. Passeno, a list of the monitoring wells that NRC wishes to sample and the analysis that NRC plans to perform on the samples. In addition, I have forwarded to Mr. Passeno your request for the analytical results from the monitoring well samples collected on May 1 and 2, 1985. I have also informed Mr. Passeno of your request for a schedule for future monitoring at Hartley & Hartley.

I regret any inconvenience that this has caused.

Sincerely,

*Michael C. O'Toole*

Michael C. O'Toole  
Staff Engineer

MCO/cak

cc: Jeff Passeno

*A/33*

*Sept 25, 1985 Telecom with Passeno.  
Will be sampling Nov 4-5, 1985.*

*Oct 2, 1985 Telecom with Passeno.  
Nov 4 will be spent preparing the wells.  
Actual sampling Nov 5, 1985.*

*4/17/86 Talked to Jeff Passeno. Resp. has  
been forwarded to Dave Miller.  
Talked to Passeno - expect to sample 11/2-11/5  
will confirm later. He will take follow-up on  
monitor and dust restriction work.*
