ATTN: Mr. F. W. Linder  
General Manager  
2615 East Avenue - South  
La Crosse, WI 54601

Gentlemen:

We have completed our review of Revision 7 of the LACBWR Emergency Plan dated May 1985. Our review indicated that your plan changes do not downgrade the effectiveness of your emergency plan.

Please be reminded that 10 CFR Part 50.54(q) requires NRC approval of any changes to your plan which may decrease the effectiveness of the plan. However, if your safety review indicates no decrease in emergency preparedness, then changes can be made without NRC approval. In all cases, you should furnish copies of each proposed change to the NRC in accordance with 10 CFR Part 50.54(q). Also, any changes to the Emergency Plan Implementing Procedures should be made in accordance with the requirements of 10 CFR Part 50, Appendix E, Section V (Implementing Procedures).

Should you have any questions regarding this letter, please contact Mr. William Snell of my staff at (312) 790-5513.

Sincerely,

151
