Dear Concerned Citizen:

On September 27-28, 1985, there will be a regional conference on Radioactive Waste at the University of Wisconsin at Superior.

Besides the programs, we are going to have an exhibit and literature area. If you have anything that would be pertinent for the participants to look at and/or read please write or phone me and I will include you on the list of exhibits and reserve space for you.

We would appreciate a commitment as soon as possible but no later than September 6, 1985. Include your needs if you know them such as a size of space, electrical, table, chairs, etc. If you are still designing an exhibit, tell us and we will include you on the list and expect more information from you at a later date.

Contact me by phone at (608)267-7758 or write to Gen Bancroft - BEAR/6, Box 7921, Madison, WI 53707.

Let's make this as informative and educational as possible.

Sincerely,  
Bureau of Environmental Analysis and Review
