United States Nuclear Regulatory Commission  
Region III  
799 Roosevelt Road  
Glen Ellyn, IL 60137

ATTENTION: Mr. Martin Schumacher

Dear Mr. Schumacher:

The semiannual sampling of surface and groundwater at the Hartley & Hartley site in Kawkawlin Township, Michigan will be conducted by our consultant on November 4, 1986. Notification of this sampling event is being provided per the request of notification as detailed in the October 9, 1985 transmittal from Mr. W. D. Schafer of your office to Mr. Jeff Passeno of Waste Management.

Included in the October 9, 1985 correspondence is Attachment 1, Description of Water Sampling Locations, which is attached for reference. These monitoring points will be available for sampling to NRC representatives on November 4, 1986, with the exception of points SP-1, SP-2, SP-3 and SP-4, which are not located on Waste Management property. Sampling of these locations will have to be coordinated with the Michigan Department of Natural Resources (MDNR). The MDNR contact is Mr. Dan Schultz, Groundwater Quality Division, Saginaw District Supervisor, State Office Building, 411-J East Genessee, Saginaw, Michigan 48067; phone: 517/771-1731.

If you or your representative plan to split samples with our consultant on November 4, 1986, please respond to this office by October 24, 1986.

We request that the laboratory analyses of any samples taken by you or your representative during this sampling event be forwarded to this office after compilation.

If you have any comments or questions, please feel free to call.

Very truly yours,

David R. Miller  
District Engineer
