Docket No.: 50-445

COMANCHE PEAK STEAM ELECTRIC STATION  
ELECTRICAL BUTT SPLICES  
QA FILE: CP-85-07, SDAR-168  
FILE NO.: 10110

Dear Mr. Hunter:

On February 28, 1985 we verbally notified your Mr. D. Hunnicutt of a deficiency regarding the reinspection of electrical cable butt splices identified by the Technical Review Team (TRT) as Items 1.a.2 and 1.a.3. We have submitted interim reports logged TXX-4432 and TXX-4448 dated March 5, 1985 and March 27, 1985.

We have completed our investigation and concluded that the matter is not reportable under 10CFR50.55(e). Records supporting this determination are available for your inspector's review at the CPSES site.

Very truly yours,

A handwritten signature in cursive script, appearing to read "J.R. Wells".
