RE: LICENSE #24-04992-01 U.S.N.R.C. FEE MGMT. BRANCH  
CONTROL NO. 17721

Dear Sir:

I am writing to obtain a license amendment pursuant to the ordering and scheduling of a new Cobalt-60 source in our Picker Model P3801A Unit for July of 1985.

The following information is requested for this amendment:

Source Model Number: NPI-20-1400W

Nominal Exposure Rate: 1400 RHM

Maximum Activity: Request that curies remain unchanged, see Item 8.A of License #24-04992-01

Source installation and "five year inspection":  
Neutron Products, Inc. under Maryland License #MD-31-025-03

Disposition of existing source:  
The source will be disposed of by Neutron Products, Inc. in accordance with all applicable regulations.

Also, please find enclosed a check for \$230 to cover the amendment fee.

Upon receipt of the amendment, we will schedule installation of this new source with Neutron Products, Inc.
