Dr. R. Vollmer, Director  
Division of Engineering  
Office of Nuclear Reactor Regulation  
Mail-Stop P-202  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

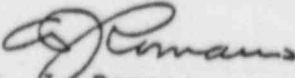

Dear Dr. Vollmer:

This is a request for your approval of our intent to subcontract to Factory Mutual Research Corporation (FMRC) a portion of the effort on a project sponsored by your division, "Reliability and Probabilistic Assessment of Fire Events," FIN A-3710. The amount of the subcontract will be about \$78,000.

A number of organizations were evaluated by BNL for this work and FMRC was selected on a sole-source basis. Nine key attributes are required for this effort and FMRC scored highest in meeting the objectives of these attributes. A copy of the sole-source evaluation is available to you if required. The primary basis of selection was that FMRC is the only vendor with the needed data.

This subcontract does not represent a conflict of interest since FMRC is not directly engaged in any activities with NPP licensees.

Very truly yours,

  
A. G. Romano  
Department Administrator
