Mr. A. J. Romano, Administrator
Department of Nuclear Engineering
Brookhaven National Laboratory
Upton, Long Island, New York 11973

Dear Mr. Romano:

The purpose of this letter is to endorse your selection of Factory Mutual Research Corporation (FMRC) as a subcontractor for our project, "Reliability and Probabilistic Assessment of Fire Events," FIN A3710. Our endorsement is based on the position that FMRC was the only vendor with the needed data as described in your letter to me dated March 21, 1983.

Very truly yours,

Richard H. Vollmer, Director
Division of Engineering
Office of Nuclear Reactor Regulation
